DOYLESTOWN, Mar. 22 — A writ of summons in trespass has been filed in the Bucks County Court: William C. Phillips versus Samuel H. Mitchell and Horace Beck, State Road, and Fourth Avenue, Croydon.

A writ of summons in trespass has also been issued Henry Gratton Shields, Jr., and Henry Gratton Shields, 3rd, versus William H. Hayes, Yardley.

Three suits, one in which a Perkasie firm is appealing from a Warwick township Justice of the Peace, and two others in which a Langhorne, R. D. wife and Ivyland husband are seeking their freedom, have been filed in the Court of Common Pleas, here.

Following a judgment of \$295 and the costs against the defendants, Conte & Sons Packing Company, Perkasie, by Justice of the Peace I. Elizabeth Jones, Warwick twp., an appeal has been filed in the office of Prothonotary Joseph A. Keating.

Justice of the Peace Jones on Jan. 6, rendered a judgment in favor of the plaintiff, Allen Frank, Mitten Blvd., Phila., and against the Perkasie firm. No details concerning the action were given.

Mrs. Roberta Mae Louden, Bridge-town rd., Langhorne, R. D. 1, has named her husband, James Albert Louden, the defendant in a divorce action. They were married July 13, 1946, by a Justice of the Peace in Langhorne.

An Ivyland husband, Henry H. Kissbauer, Bristol rd., has begun an action in divorce against his wife, Hilda M. Kissbauer. They were married October 17, 1936, in Phila., and separated in April, 1939.

Possible To Be Overfed, Yet Be Undernourished

ANDALUSIA, Mar. 22 — It is possible to be undernourished yet overfed, Dr. George L. Seifert explained in full details to mothers, fathers and guests at the regular Parent-Teacher Association meeting at Penryn Episcopal School, here, last evening.

Dr. Seifert held the attention of all as he discussed his subject, "Undernourished and Overfed," and gave lessons in diet "that a large portion of Americans would do well to follow through the talk."

A drive for funds will begin shortly as the PTA executive board mapped plans Thursday night for a concerted effort to raise additional moneys for carrying on a progressive school program.

Mrs. Paul Patton, PTA president, revealed that Penryn will strive to further an already ambitious program centering on improvements on the campus and an even more substantial PTA membership.

Announcement was made of the Penryn circus on June 10th on the school grounds, this being open to the public. Mrs. George S. Seifert will be in charge of the dinner. On April 15th a variety of card games will be played at a public party in the "gym" this being sponsored by the PTA.

HERE AND THERE IN BUCKS COUNTY TOWNS

Activities of Interest To All In The Various Communities

GLEANED BY SCRIBES

A painter and paper-hanger, William M. Fryling, 64, who resided in Buckingham township, is said to have ended his life Friday night at his home.

Fryling and his wife, Barbaratte, had spent the past several months in Florida, living in a trailer. They started home early last week, and the trailer broke down in Maryland.

Fryling returned to his Bucks county home Thursday night, and Mrs. Fryling remained with the trailer until Friday when she started home after learning that the car could not be repaired immediately.

According to Troopers Balnis and Schweiker, of the Doylestown substation of state police, Mrs. Fryling arrived in Doylestown Friday night and went to the home of a friend, Mary Hart, where she obtained transportation to her home.

Arriving home about 10:30, Mrs. Fryling found the door of the house locked and could not arouse her husband. Miss Hart and a companion, Robert Vanhauve, of Doylestown township, looked in a window and saw Fryling lying on a couch and noticed blood on his head.

Rather than force the door open, a call was placed at a neighbor's house for the state police and the two troopers were dispatched to the Fryling home.

The door of the house was forced open and Fryling was found dead on the couch, with a bullet wound in the left temple.

The National Farm School, Doylestown, will share in the estate of

MORRISVILLE SCHOOL TAX RATE

MORRISVILLE, Mar. 22 — The Board of Education discussed an additional two mill increase in the local tax rate last night, offsetting an anticipated loss of \$116,000 in tax revenues caused by the construction of a new bridge across the Delaware River. The new rate will be written into the 1950-51 budget, now being drawn up by the board. The school tax rate is now 32 mills.

Action on the measure was taken after a report by the finance committee revealed that an estimated 59 properties in the borough may be purchased in the near future by the Delaware River Joint Toll Bridge Commission to make way for an approach to the proposed span. Actual plans of the bridge commission are not certain, it was pointed out.

According to the board, the two mill increase will compensate for the loss of any revenues taken by the commission. However, in the event the commission does not purchase the properties next year, the board explained, the surplus resulting from the tax rise could be applied to the 1951-52 budget, resulting in a commensurate decrease in the tax rate for that year.

PHILADELPHIAN REPORTS TO POLICE THAT HE WAS STRUCK ON THE HEAD AND ROBBED OF \$100 IN CROYDON

CROYDON, Mar. 22—Harry Mace, 53, of 4671 Arendell street, Philadelphia, who reported to police last evening that he was struck on the head and robbed of \$100 last evening between 7.30 and 8 o'clock as he left Mary's Cafe, here, was treated for injuries about the head and eye.

Mr. Mace stated that when he came out of the cafe to get into his car a man approached and said: "Give me your money." When Mace put his hand in his pocket to get the money he was struck over the head and knocked out, he reports. A woman leaving the cafe yelled that a man was lying on the ground, and hurrying into the cafe she informed four men, Charles Bremme, 3102 N. Darien street, Philadelphia; Joseph Swatka, Croydon; Robert Rogers, 885 N. June street, Philadelphia, and Edward A. McBrearty. The four picked Mace up and took him to Harriman Hospital, Bristol, where 12 stitches were taken in his forehead. He then went to the Bristol police station, and Bristol police called Chief of Bristol Township Police Joseph Seader, who is investigating.

When Mace was questioned by Chief Seader, Mace said he could not describe his attacker but was sure he would know his voice if he heard it again. "I came out of the cafe and was on the left side of my car, putting the key in the lock to open the door, when it happened, and that is all I remember," he states. One of Mace's eyes was partially closed, and cinders were imbedded in his forehead.

WRIGHT'S CAREER MARKED BY VIOLENCE

Is Throwback of Days of The Alvin Karpis Gang, Says FBI

DANGEROUS GUNMAN

Following is the ninth in a series of articles describing America's "ten most wanted" fugitive criminals, as listed for INS by the FBI.

By James Lee

INS Staff Correspondent

WASHINGTON, Mar. 22 — (INS)

The FBI describes escaped convict Glen Roy Wright as a throwback to the days "when bloodthirsty, murderous gangs roamed, virtually at will, through large areas of the United States."

Wright is a former member of the Alvin Karpis-Fred Barker gang of unholy memory. A dangerous, "mad dog" gunman, he escaped Sept. 14, 1948, from the Oklahoma State Penitentiary, where he began serving a life sentence for armed robbery in 1934.

Wright's career of crime has been marked by violence and deadly gunfire. He was twice involved in gun battles with arresting officers. He was shot during his capture in Kansas, when he attempted to murder his captors with a sawed-off shotgun. Later, he was wounded in a gun duel with Arkansas police.

The FBI reports: "The fugitive, since his escape, has resumed his criminal pursuits."

News of Schools In Area

Bristol Borough

Approximately 90 per cent of Bristol high seniors have social security cards. This was revealed when Reuben R. Blane and Joseph C. Cairns, of the social security office at 3297 Kensington avenue, Philadelphia, spoke to the senior classes on social security recently.

They pointed out that "Your social security card is an insurance policy with Uncle Sam and as such should be given the same care as your other valuable papers." They also stressed the importance of having only one social security number during a lifetime and how important it is for girls to have their names changed on social security records when they marry.

"Social security," they said, "was designed to protect American workers and their families from the four major economic hazards of life. These hazards are: (1) unemployment, (2) sickness, (3) old age, and (4) death. "Through the insurance principle of social security the risk

SEES RETURN TO THE "BUYERS' MARKET"

"Isn't As Easy To Sell Anything As It Was During The War Years"

CLAIMS GREENAWALT

"It isn't as easy to sell anything and everything as it was during the war years," says County Agent William F. Greenawalt. "We are getting back to a buyers' market," he says. "Because of this change it doesn't pay for distant growers to send anything except top-grade products for consumption."

"During the war years producers were able to sell anything that grew, but today the average consumer has become more selective and is demanding more for his or her money," said the County Agent. "The tendency today is toward pre-packaging, particularly of vegetables, including spinach, celery and broccoli."

"This kind of service adds an additional marketing cost which, ultimately, the consumer must pay."

Outstanding in the pre-packaged foods is eggs. County Agent Greenawalt organized the Bucks County Producers Cooperative Association—egg auction—nearly two decades ago, and since then it has become one of the major businesses in the county as well as of its kind in the East.

Bucks county vegetables which are going into frozen food packages are being handled by a Doylestown and Southampton freezer plants. The Pennsylvania Potato Growers have been packaging potatoes in consumer size, from 10 to 15 pounds, for a number of years.

THREE PAROLES ARE GRANTED BY COURT

Mexican Remanded To Jail Until Parole Can Be Arranged

ONE BRISTOL YOUTH

DOYLESTOWN, Mar. 22 — Paroles were granted to a Quakertown ex-G. I., a Parkland husband and Bristol youth by Judge Edward G. Biester who refused a Mexican his freedom from the County Prison until probation officers are able to find a home and employment for him because he is literally a "man without a country."

Guadalupe Ladesma, 49, Mexican, who was employed on King Farms Co., Morrisville, was remanded to prison until Probation Officer Horace E. Gwinner can work out a parole plan which will meet the Court's approval.

Ladesma, who pleaded guilty to accepting bawdy money, and has been in jail since August 13, was sentenced Nov. 9, 1949, by Judge Biester to serve not less than six months nor more than a year.

The defendant's former employer refuses to take him back and immigration authorities will not accept responsibility for him either.

"This defendant has no home to go to, no work, and no place he can go to, and the Court will not release him until some parole plan has been worked out," said Judge Biester, who pointed out it would be unfair to the defendant to release him without supervision.

WEDNESDAY, MARCH 22, 1950

EVERYBODY PROFITS

It is hardly necessary to point out that the annual report of the General Motors Corporation makes extremely pleasant reading for the 434,000 people who own stock in the company. It is not surprising that 1949, the biggest year the American automobile industry has ever enjoyed, brought record profits to the nation's largest manufacturer of automobiles.

But the outstanding feature of the report is its revelation of the number of other individuals and groups who shared in the prosperity which General Motors enjoyed in 1949.

General Motors' 401,326 employees did remarkably well last year. They shared a payroll totaling \$1,449,690,450 — the biggest ever. When sales are up, as they were last year, there is more work and more pay for everyone connected with the corporation.

The United States government got a return out of General Motors' record year which is hardly to be sneezed at either. The company paid a total of \$879,400,704 in income and excise taxes last year. Government's "take" of the profits, in fact, was more than \$200,000,000 greater than the corporation's net profit.

There were millions of other people who profited directly or indirectly from GM's big year. Workers in the firms which supply GM raw materials and parts; dealers in GM cars; merchants in towns where GM workers live, are among them.

The prosperity of the workers and the prosperity of the government are both dependent on how prosperous business and industry are. A big year for business is a big year for all.

BRING 'EM ON

There is one thing to be said about this latest to-do over the flying saucers. If what they say about the pilots of them is true, they are skinny little critters less than two feet high.

That's good. A skinny little critter two feet high should not be much of a problem. Bring 'em on!

There is one thing, though, about these latest saucers. They've taken to chasing automobiles. Two men driving along near Durango, Col., were chased down the road by one of the zooming contraptions. And a lady driver in California had the same experience.

A skinny little two-footer face to face is one thing. But who wants to be chased down the road by one mounted on a saucer or a pie plate? When we said bring 'em on, we meant dismounted.

California woman reports seeing flying triangles with trailers, or, presumably, 1950 model saucers.

No wonder the average home in this five-county area increases its use of electricity year after year. And even brighter and easier days are

Wright's Career Marked By Violence

Continued from Page One

On Jan. 22, 1949, he committed an armed robbery at Tulsa, Okla., and on Jan. 31, 1949, a state warrant was issued in the Common Pleas Court in Tulsa.

"A complaint was filed before the United States Commissioner at Tulsa on Feb. 8, 1949, charging Wright with violating the unlawful flight to avoid prosecution statute in that he unlawfully fled from the state of Oklahoma to avoid prosecution for the crime of robbery."

The FBI is confident that Wright, like his fellow gangsters of the roaring early 1930's, cannot survive. The G-men say:

"If he is attempting a 'comeback' he forgets a cardinal rule in law

enforcement work—time is no safety belt. He will be sought day and night, week in and week out, month after month until tracked down. The search for the wanted man continues unabated."

Wright is a chain smoker and coughs constantly, turning his head over his left shoulder while coughing.

His description follows: Age, 50; height, 5 feet 8½ inches; weight, 150 pounds; build slender; hair, gray; eyes, blue (also reported to be gray); complexion fair; race, white; occupations, laborer, plumber, steamfitter, tool dresser, and welder; scars and marks, gunshot wound on outer left forearm five inches above wrist, cut scar on left side of chin, cut scar on cheek near left eye.

Three Paroles Are Granted By Court

nor more than 23 months in prison, was released on condition that he pay his fine and costs amounting to \$100. The youth, who has an AWOL record from the Navy, was sentenced Sept. 20, 1949. He was released on condition that he get employment, stay off the streets at night and stop gambling.

"It's time you got a job and went to work instead of going to the G. I. School just so you don't have to work," commented the Court.

Kenneth A. Hinkle, 27, Parkland, who was involved in a two-car accident, near Ivyland, and drove away without identifying himself to the

other motorist, was granted a parole, but severely reprimanded by the Court and District Attorney Willard S. Curtin.

"I was seriously thinking of re-arresting you for perjury because of the lies and false stories you told on the witness stand," said D. A. Curtin. "We are very impatient with people who try to deceive us," said the Court, who warned the defendant about the atrocity he did when he made his wife and other witnesses perjure themselves.

Hinkle, the father of three children, was sentenced Dec. 6, 1949, to serve not less than three months nor more than a year. Costs amounted to about \$100.

The defendant, who was advised by the Court to legally marry the mother of his three children, was "joy riding" with another woman

when he figured in an accident. He was placed on probation and warned about his future conduct. "Remember if you come back I will keep you in mind," said the District Attorney.

Charles Hutchinson, 20, Bristol, who smashed a boys' club television set because he had been dropped from the club's roster and threw a brick through a car window, was paroled. He was sentenced Feb. 7, to serve not less than two nor more than 23 months.

"You can mend your ways by paying for the television set you damaged, re-joining the club, if they will have you, and warning other boys not to do what you did," said the Court.

"WORLD'S ECONOMY CHAMPION"

Newsweek

RECENTLY members of Newsweek magazine's editorial staff interviewed Mr. Leroy A. Lincoln, President of the Metropolitan Life Insurance Company, on the subject of Life insurance.

The tremendous role that Life insurance plays in the national economy, and the interesting institutional material developed during the discussion, are so important that a motion picture has been made of this interview. This film will be given wide distribution in line with Metropolitan's "Open Book" policy.

Naturally, in reply to questions from the editors, Mr. Lincoln made many references to Metropolitan's achievements in 1949. In fact, the interview developed the information that is customarily included in the Annual Report to Policyholders. Accordingly, a complete transcript has been printed as the Company's Report for 1949. Here are some of the highlights of that report:

"Metropolitan... paid about \$769,000,000 (to beneficiaries and policyholders last year) ... and I might add further that... (this includes) \$502,000,000 to living policyholders."

"For our 33,000,000 policyholders in the United States and Canada, the total Life insurance in force in the Metropolitan at the end of last year was almost \$42,000,000,000—an increase of 4 percent over the preceding year."

"Metropolitan's assets totaled \$9,700,000,000, an increase of about 6 percent over the figure for 1948."

"Through the combined efforts of the many health organizations, the average expectation of life at birth has improved 18 years since 1900. At that time it was about 49 years—while right now it is about 67."

"Expenses for the Life insurance companies have gone up the same as for everybody else. For example, in the Metropolitan last year they increased about 4 percent ... insurance in force in Metropolitan has

increased about 80 percent since 1939, whereas operating expenses have increased only 71 percent."

"In 1949, Metropolitan ... paid \$164,000,000 in dividends to policyholders—the largest such amount in the Company's history. Dividends payable to policyholders in 1950 will be somewhat larger in the aggregate than 1949."

"Dividends would be substantially higher were it not for the low interest returns which have prevailed throughout the United States and Canada. For example, last year the net interest earned on Metropolitan assets was 3.07 percent, compared with 3.03 in 1948, and with 5.18 in 1929."

Metropolitan's Annual Report to Policyholders for 1949 will be sent to anyone on request. In addition, copies of the film may be borrowed for showing by local business, civic, or other groups in which Metropolitan policyholders are interested.

is pooled and protection is afforded for those whom the hazard strikes.

"The survivor protection of Social Security is of special interest to young people. These survivor provisions enable many young people to complete their education which otherwise might be lost on the death of their fathers. It does this by paying monthly insurance benefits, not only to the minor children of deceased workers, but also to their mothers. These benefits in many instances are the determining factor which enable the family to remain together and the children to complete their education.

of a clean-up campaign we realize that it needs the help of every one, so that is why the various organizations have been called upon. Also it gives wider publicity to the campaign through its members, besides the backing it will give to the campaign. The different organizations best suited to handle the different phases of the campaign have been assigned to that phase of the campaign. The work has been assigned so that no one organization will have all the work to do.

"You representatives are asked to be members of the general committee. It is alright for you to assign any member of your organization to help out and make this campaign a success."

Mr. Crocker said that most of the vacant lots have been cleaned but there are still several which need cleaning. "Some of the lots are large enough to make playgrounds and it is hoped the committee will be able to get the owners to allow the children to use them for such after they are cleaned."

HIBERNIANS TIE PLAY-OFF SERIES; DEFEAT FRANKLIN

The Hibernians tied the playoff series of the Bristol Basketball League last night with a 47-42 victory over the Franklin A. C. quintet on the high school floor. The third and final game of the series will be played tonight on the high school court.

The tilt was more one-sided than the score indicates. The Hibs had the lead from the opening whistle. Franklin tied it twice in the first quarter but from then on it was all to the Hibs. At times, the Hibs had leads of 12 and 10 points. On several occasions, Franklin seemed to come back to built up another nice margin.

Outstanding in the Hibs' victory was "Charlie" Simmons, tall and husky guard, who accounted for 14 of his team's points, one more than "Tommy" Donnelly. Both Donnelly and Simmons had complete control of the backboards all night, forcing the Franklin team to depend on long shots for their points.

Setting up most of the scoring plays for the winners were "Bill" Burr and Joe Roe. Burr had eight points and his passing accounted for several field goals. The Hibs had a 9-7 lead in the first session with Simmons scoring six of the Corson Streeters' points. At the end of the first half, the Hibs had a 29-18 lead with both Donnelly and Simmons getting three field goals. Both clubs dropped in their scoring in the third quarter with Franklin registering five field goals and the Hibs four. At the beginning of the final quarter, a foul by Lelinski and a fender by DeLise cut the Hibs' margin to 39-31 but shortly after, the Donnelly-Simmons scoring power increased the lead to 45-34. That really spelled "finish" for Franklin although it made a spurt at the finish to make the difference in points down to five.

SPORT NOTES

Although he played junior varsity ball this season, "Andy" Accardi was given honorable mention on the All-Lower Bucks County team as selected by the coaches.

"Sonny" Peak, high-scoring Southampton forward, was given a place on the first team. Peak sparked the Greyhounds to several victories.

Coach Harry McClister, of Bristol, has returned from the football clinic held at Coatesville. McClister feels that the style of defensive football is changing entirely.

Flannery's Eagles, of Pennel, has joined the Tri-County Baseball League. The Eagles were members of the Bristol Suburban League last season.

St. Ann's A. A., regular season champions of the Trenton Industrial Baseball League last season has rejoined the loop for the 1950 season, according to reports from the Trenton officials.

Coach Jerry Bloom, of the Warriors, has issued his first call for baseball candidates. Bloom has practically his entire squad back from last season and will be seeking his third straight Lower Bucks crown.

Trenton Catholic placed six of its players on the All Trenton basketball teams as selected by a Trenton newspaper. The Wizards had Logan and Goeke on the first team and two players on each the second and third teams.

Having made a clean sweep of the Catholic Schools tournament in New Jersey, Trenton Catholic now travels to Boston to battle for eastern honors.

Among the players selected on the New Jersey All-State A. U. team was "Dick" Hogan, who started the season with the Fifth Ward Sporting Club in the local basketball league.

The Lower Bucks County PIAA Basketball Officials Association will hold a banquet Monday night at the Lexington Casino, Roosevelt Boulevard, Philadelphia.

CORNWELLS OWLS WIN YMCA SERIES

The Cornwells Owls won the YMCA Adult Tournament last night by swamping the Bristol A & P team, 81-49, on the YMCA floor. The Owls had entered the finals by beating the Harriman Rockets, 43-26, Monday night.

"Bill" Butz practically beat the A & P team single-handedly as he shook the cords for 35 points and had several assists on other field goals. Butz scored 15 points in the first half to help his team amass a 36-19 lead. In the three games played by his team in the tournament, Butz accounted for 65 points.

"Bill" Curran and "Al" Bader helped Butz along in the scoring with 16 and 11 points, respectively, with Harry Kisters chipping in with 10. "Sid" Bagud and "Reggie" Samero did the defensive work.

The 81 points scored by the Cornwells team was a highest number of points made in a single game by any of the tournament teams.

BORDENTOWN FIVE PROVES TOO FAST FOR ROHM & HAAS

The Bordentown Manual Training School quintet was too fast for the Rohm & Haas-Fifth Ward combination team last night in the preliminary game last night played on the high school court. The Jersey school won the game by a 43-28 score.

Manual Training had a close lead most of the time but in the third quarter, "Angie" Everitt and "Jim" Egli scored enough points to put the Bordentown boys in front. But the Jerseyites came back on the playing of Bob Groves to again take the lead and never relinquish it.

Bob Groves was the whole show in the Bordentown team's playing as he registered 10 double-deckers and three fouls for 23 points. Everitt was high for the local boys with 10 points.

In the last quarter both Groves and Sutton put on a dribbling exhibition that "froze" the ball for almost two minutes.
